

**Working together
to minimize risk
through innovation**

**West Bend Insurance
& Advantage One**

In collaboration with West Bend Insurance, Advantage One offers WBI's customers industry-leading connected vehicle systems specifically designed to identify and minimize fleet risk. As a customer outreach partner, v utilizes a consultative approach to educate customers on what solutions in the marketplace could benefit their operations.

Where is the Risk?

Advantage One offers bundled solutions to our end users that precisely identify where risk lies within their organization and how it impacts their competitiveness and bottom line. Since you can't manage what you don't measure, we specifically vetted this partner on their ability to elevate our customers' safety initiatives. Advantage One works with customers to implement solutions that capture and quantify risk data through:

SOLUTIONS

01

Solar and battery powered asset tracking solutions through Geotab's Flex and Phillips Connect

02

Distracted Device Solutions by Truce Mobile

03

Over a dozen video telematics, analytics, safety, and productivity solutions through Advantage One vision, Sensata Smart Witness and Surfsight

04

Safety telematics and compliance ELD through the #1 worldwide telematics provider, Geotab

In Advantage One, WBI has selected a partner that's known to be reliable and can provide extensive after-sales care. Their consultants will educate you on how connected vehicle systems could benefit customers:

Video evidence that can be trusted in an accident

Insight into risky driver behavior before it turns into a claim

The ability to pull historic events for video playback

Full suite telematics platform that offers Live GPS tracking and instant alerts

Supported industry and/or regulatory compliance

Protection from false accident and injury claims

Improved CSA Scores

Reduced theft or stolen vehicle recovery
