An insurance program designed
especially for alarm operations.

THE SILVER LINING®

Every day you find ways to keep people safe. After all, protecting others is your business. But who protects you and your business? West Bend understands and recognizes your business insurance needs and offers an insurance program to protect your valuable assets.

Our customized Alarm program is specialized for:

- Alarms and alarm systems – installation, servicing and repair
- Alarm – security systems monitoring – where the monitoring company must be the installer of the system
- Locksmiths, when incidental to alarm operations

Coverages offered:

Auto Liability

For company-owned cars driven by you or your employees, this coverage provides legal protection for negligence. If someone else gets hurt or you damage their property, it can be costly. We'll be there with experienced claim professionals and a strong legal team. We also offer Hired and Non-Owned Auto coverage to protect you when employees use their own cars.

General Liability

Operating your own business can be challenging. You put every ounce of your experience into getting the job done but sometimes accidents happen and can lead to a claim ... a customer slips on your wet office floor and is injured, an ad in your local newspaper unintentionally offends someone, or an employee drills into a water line during an installation. If that happens, we'll be there to defend you. Professional Errors and Omissions Liability coverage for design and installation is also available for most accounts.

Property Coverage

You've invested in expensive equipment; maybe you purchased your own building. Protect these investments with the right coverage at the right price. In addition to a variety of property coverages, West Bend offers the Property Enhancement Endorsement which provides additional protection, including coverage for computers and employee theft.

Other Critical Coverages

Talk to your independent agent to find out what other valuable coverages you may need. Based on your needs, your agent may recommend higher liability limits in an Umbrella policy, Inland Marine for tools and equipment, Employment Practices Liability Insurance, or other essential coverages.

There are many reasons to choose West Bend for your alarm insurance program:

- Coverages are designed specifically for alarm and alarm system businesses.
- Our claim representatives are highly experienced in handling alarm installation-related losses. West Bend offers several options for reporting losses: phone, email, and fax. All are available 24 hours a day, 7 days a week.
- West Bend can offer your business all lines of property/casualty coverages including Auto, Property, General Liability including Professional, Crime, Umbrella, and Workers' Compensation.
- West Bend can handle all of your bond needs, including license & permit, ERISA, and business service bonds. Bid, performance, and payment bonds are also available with bonding lines offered to qualified contractors.
- West Bend has been providing superior insurance coverages and services since 1894 and has been rated A (Excellent) or better by A.M. best since 1971.
